Sensitive Areas & Management Practices Workgroup Members:

First, please review attached agenda for our meeting on November 23<sup>rd</sup>.

Second, as of this afternoon, we have received recommendations from 6 out of 15 workgroup members (this includes 10 recommendations from various DNR staff)

For those of you who have submitted recommendations, we thank you for taking the time and effort to do so. For those who have not, there is still time to submit.

Please submit your recommendations directly to Joe Baeten - [Joseph.Baeten@wisconsin.gov](mailto:Joseph.Baeten@wisconsin.gov) - by no later than noon tomorrow (Nov 21).

This will give us time to organize all recommendations into common categories.

Please understand the category document we are creating will serve as a starting point for workgroup discussion. It is NOT a final workgroup determination or report.

Paper copies of all submitted recommendations/categories will be made available at Monday's meeting to all workgroup members and the public. We will also send out electronic copies of the documents the day of Monday's meeting to workgroup members.

Thank you and have a good weekend.

**We are committed to service excellence.**

Sensitive Areas & Management Practices Workgroup Members:

This is your opportunity to provide specific recommendations for consideration. Your input is valuable and essential.

Without input from most/all workgroup members we will be less likely to reach consensus/near consensus on recommendations.

We hope to obtain specific recommendations for consideration from all and avoid workgroup member(s) only criticizing recommendations submitted by others.
